“Where The Customer Comes First”

Fellow Cattlemen,

Change. Sometimes it's good. Sometimes it's not. Almost 50 years ago, my dad bought our first Limousin bulls at the Beloit Bull Test Sale. Wanting better carcass traits and calving ease, we still strive to achieve the same goals. We didn't change our goal of carcass quality, calving ease and as always, customer service.

We strive to help you make informative decisions to help you improve your herd. We provide the information in the catalog to do this. We believe in our program as we offer a complete first season guarantee. We will board your purchase until April 1 and deliver up to 200 miles or to central points. If you have additional questions, don't hesitate to call or stop by to view the offering. We are looking forward to seeing you March 8. View the videos at jboyercattle.com or dvauction.com

The Boyer Family

Jay Boyer 402.696.4410

boyerlimi@hotmail.com

jboyercattle.com

LOCATION

Boyer Limousin, Liberty, Nebraska, 3 1/2 miles east of Barneston on U.S. Highway 8, 25 miles south of Beatrice, 70 miles south of Lincoln, 20 miles north of Marysville, KS.

MAIL & PHONE BIDS

Mailed or phoned bids will be handled in a confidential manner. If you are unable to attend the sale, simply contact any member of our sale team in advance so we can help you ringside. All cattle purchased through our “sight unseen program” are unconditionally guaranteed. If the cattle purchased for you on order are not what you expected, we don't expect you to pay for them; no questions!

TERMS

Terms of the sale are cash unless prior credit arrangements are established between buyer and seller. Settlements are to be made with the clerk immediately after the conclusion of the auction. All cattle sell under the standard terms and conditions of the North American Limousin Foundation.

INSURANCE

Insurance will be available sale day. Inquire at the clerk's desk.

HEALTH

Health certificates and semen test certificates will be provided with each lot sold.

EPDS

EPDs are dated 2/10/26 and will change from the time the catalog is printed until the registration papers are transferred. View the latest EPDs any time at www.NALF.org.

BLOOD TYPE FOR PARENTAGE VERIFICATION

All animals sold are guaranteed to be offspring of the recorded parents. Sellers shall make the necessary parent blood samples available to purchasers upon written request by the purchasers so long as a written request is received by sellers within 60 days after the sale of the applicable animal.

LIABILITY

Each animal will be the buyer's risk as soon as it is sold, but will be cared for by the seller for a reasonable period of time. Every precaution will be taken for the welfare of the cattle sold. Neither owner nor sales management can be responsible for accidents, but every effort will be made to provide for safety and comfort of those attending the sale.

ANNOUNCEMENTS

Announcements made sale day will take precedence over printed material. Please take note of any changes.

BULLS

Fall Yearling and 2-Year-Old Bulls LOTS 1-6 AND LOTS 14-26

This year's offering of 18-month-old and two-year-old bulls is thick, deep and very docile. Many are suitable for use on heifers. The pedigrees are some of the best in the breed. The bulls ran on pasture until late fall, then fed to be range ready to breed a high number of cows. More weights and measurements will be available in a supplemental sheet.

Spring Yearling Bulls LOTS 7-13 AND LOTS 27-37

The spring bulls are a front pasture set with many having EPDs in the top 20% of the breed. Fed a high roughage diet, they won't melt in the pasture. Whether you are looking for growth and performance, or a heifer candidate, you'll find them in this group of bulls. All spring bulls have adjusted 205 weaning weights.

Note: We wish to retain 1/3 semen interest in all bulls selling.

Igenity score for HPR of 9.

A powerful, rugged fall herd sire that blends mass, balance, and real-world functionality with an elite performance profile. Moving On Up is a big-bodied, deep-sided, wide-based bull that travels with authority and flexibility, carrying muscle shape down his top and through his quarter while maintaining an attractive, herd bull presence from the side. On paper he reads just as impressively, ranking in the top 15% for Weaning Weight and top 20% for Yearling Weight and Total Maternal, while posting top 25% \$TPI and top 15% Ribeye EPD figures that indicate genuine pounds and carcass merit. His balanced calving ease profile, strong milk, and added scrotal make him a versatile option.

If you appreciate a bull that reads balanced from every angle, 225M deserves serious consideration. This homo black, double polled son of Wulfs Genius 5293G is bold in his rib shape, square in his hip, and athletic on the move, combining practical muscle with a clean, eye-appealing outline. Numerically he complements his phenotype with a strong, functional spread – ranking in the top 35% for Calving Ease, top 30% for Weaning Weight, and top 35% for Yearling Weight, while landing in the top 20% for both Milk and Total Maternal. His carcass profile adds further value with a top 10% \$G index and strong ribeye genetics, reinforcing his ability to generate feeder cattle that press down the scale and daughters that work.

Mohawk 229M is a rugged-made, high-capacity Lim-Flex bull that blends practical performance with a bold, masculine look. He is stout through his center body, wide over his top, and carries expressive muscle down his hip, all while maintaining athleticism and balance on the move. Performance-wise, Mohawk offers a balanced spread, ranking in the top 30% for Calving Ease and Yearling Weight, along with top 40% Weaning Weight to push payweight at sale time. His carcass profile is highlighted by a top 35% Carcass Weight and solid ribeye figures, while maintaining balanced maternal numbers to support functional daughters. With a strong \$TPI ranking in the top 45%, Mohawk is a versatile, growth-oriented bull designed to add pounds, muscle, and long-term value to a progressive cowherd.

Mind Bogaling 042M is a bold, red purebred that commands attention with his power, presence, and structural correctness. Deep bodied and wide based, he carries natural muscle expression and dimension while remaining athletic and free moving off both ends. He offers a practical, balanced EPD profile highlighted by top 30% Calving Ease and Birth Weight, giving him versatility without sacrificing performance. His carcass strength is underscored by a top 25% \$MPI ranking and a solid ribeye value, positioning him as a bull capable of adding shape and value on the rail. With an adjusted yearling weight over 1,070 pounds and a commanding 42.5 cm scrotal measurement, Mind Bogaling has real-world performance.

Magnum PI 232M is a performance-driven, homo black, double polled bull that blends power and predictability in a rugged, practical package. He is bold through his rib cage, level in his design, and carries authentic muscle from end to end, standing on a solid foot with the kind of structure that supports longevity. His data profile matches his phenotype, ranking in the top 15% for both Weaning Weight and Yearling Weight, making him a true payweight sire. He further strengthens his value with a top 20% Total Maternal figure and a top 25% \$TPI index, highlighting his ability to impact both feeder cattle performance and overall profitability. With over 1,000 pounds of adjusted yearling performance, Magnum PI is built for programs that demand pounds.

Mach I 091M is a high-performance, stout-constructed herd bull prospect that combines raw power with elite carcass merit. Heavy boned, wide topped, and packed with muscle expression, he is built to transmit shape and dimension while remaining sound and athletic in his movement. As a homo polled, double black son of LVLS Optimizer 4G, backed by the influence of ELCX Cabin Fever and MAGS Xyloid, his pedigree blends performance-driven genetics with time-tested maternal lines. On the dam side, the earning power influence traces to JFAF Earning Power 14E and B Bar Cognac, reinforcing growth and real-world productivity.

Native Land 027N is an impressive young herd sire prospect that combines explosive growth with structural integrity and herd bull presence. Bold in his rib shape, long spined, and square hiped, he moves with flexibility and authority while maintaining a clean, attractive front end. His numbers demand attention, posting an outstanding 784-pound adjusted weaning weight and 1,216-pound adjusted yearling weight. He ranks in the top 15% for Weaning Weight, top 10% for Yearling Weight, top 10% for Total Maternal, and top 15% for Milk, making him a true growth and cow-making combination. Add in a top 10% Carcass Weight and top 25% \$TPI, and Native Land positions himself as a high-impact sire capable of adding pounds at every stage of production. His dam sells as Lot 47.

%	75	80	15	15	4	65	-	25	45	30	40	50	80	35	35	15	45

Night Hawk 21N is a high-powered, percentage yearling that blends eye appeal with performance and maternal excellence. Long bodied, smooth shouldered, and square hipped, he carries dimension and muscle in a clean, attractive package that reads herd bull from the side. He recorded an impressive 729-pound adjusted weaning weight and 1,130-pound adjusted yearling weight, ranking in the top 15% for both Weaning and Yearling Weight. Maternal strength is a standout feature, landing in the top 4% for Milk and top 5% for Total Maternal – elite figures for producers focused on replacement females. Add in a top 25% Docility ranking and a top 30% \$TPI index, and Night Hawk offers a compelling combination of growth, disposition, and cow-making ability.

Night Watchman 326N is a striking red purebred that blends calving ease genetics with structural integrity and breed character. He is smooth through his shoulder, extended in his front third, and level topped with a balanced, athletic build that makes him easy to appreciate in motion. He offers an attractive calving ease profile, ranking in the top 15% for Birth Weight and top 30% for Calving Ease, making him a practical option for use on well-developed females. Carcass strength is highlighted by a top 25% Fat EPD and balanced ribeye genetics, while maintaining solid structural and maternal value. Night Watchman is a functional, red purebred option that brings together calving ease, pedigree depth, and dependable cow family strength for breeders focused on consistency and longevity.

Naked Truth 1183N is a high-octane Lim-Flex yearling that delivers performance without sacrificing look or structure. Big ribbed, square built, and athletic on the move, he carries extra length of body and dimension while maintaining a clean, attractive design. His numbers are built to impress, ranking in the top 15% for Weaning Weight and top 10% for Yearling Weight, supported by an 1,162-pound adjusted yearling weight. Carcass merit stands out with a top 10% Carcass Weight figure and a top 20% \$TPI index, along with strong ribeye genetics to add value on the rail. While he reads growth-driven on paper, he maintains a practical maternal base and balanced profile that makes him a versatile option for programs focused on adding pounds and long-term profitability.

Night Rider 037N is a sharp-fronted, long-bodied Lim-Flex yearling that ties together growth, maternal strength, and structural correctness in a complete package. He is level designed, wide based, and carries expressive muscle shape while remaining smooth shouldered and athletic in his stride. He posted an impressive 672-pound adjusted weaning weight and an 1,161-pound adjusted yearling weight, ranking in the top 25% for Weaning Weight and top 20% for Yearling Weight. Maternal excellence is a highlight, landing in the top 10% for Milk and top 15% for Total Maternal, making him a strong candidate for building productive daughters. His carcass merit is equally attractive with a top 10% Carcass Weight figure and a top 25% \$TPI index.

Igenity score for RE of 9.

Nice and Easy 206N ET is an embryo transfer standout that blends pedigree royalty with structural quality and balance. Smooth shouldered, extended through his front third, and bold in his rib shape, he combines eye appeal with functionality and athleticism. He offers a well-balanced EPD profile, ranking in the top 30% for Calving Ease and top 40-45% for both Weaning and Yearling Weight, while maintaining a strong maternal base. His carcass merit is highlighted by a top 4% Docility ranking and a top 20% Marbling EPD, adding value for both disposition and grid marketing potential. With a top 25% \$IPI index and balanced \$TPI and \$MPI figures, Nice and Easy lives up to his name.

Night Ranger 319N is a high-caliber percentage bull that blends elite calving ease with impressive carcass power in a sharp-designed, functional package. He is smooth made through his shoulder, level topped, and square hipped. On paper, Night Ranger separates himself with elite calving ease credentials, ranking in the top 10% for Calving Ease and top 20% for Birth Weight, making him a strong option for use on well-managed females. His carcass profile is a true highlight, landing in the top 10% for Yield Grade, top 10% for Ribeye Area, and top 10% for Fat EPD, while also ranking in the top 4% for Scrotal Circumference — an indicator of reproductive strength. Balanced by top 25% \$G and \$MPI indexes, Night Ranger offers a rare combination of calving ease, carcass merit, and genetic predictability.

Half sib was one of the top sellers in last year's sale.

FEMALES

Fall Cow Calf Pairs

LOTS 38-46

These fall calving females with big, growthy calves at side, are designed to be problem free producers of high quality genetics. Several of the females selling in group have sons who also sell March 8.

Spring Bred Females

LOTS 47-51

This youthful set of females will give their new owners year's of problem free service. Given the current size of the nation's cowherd, females like the ones offered here are a sound, long-term investment.

Yearling Open Heifers

LOTS 52-57

Each of these heifers will work in the show ring and then give you years of top quality calves. Pick out the ones you like best and buy with confidence. Heifers that are shown are eligible for Two - \$250 scholarships. Contact us for information!

of proven Angus and Limousin genetics known for structural integrity and maternal reliability. On the bottom side, the Wulfs Guardian lineage reinforces udder quality, fertility, and cow durability. She ranks in the top 10% for both Calving Ease and Birth Weight along with an elite top 1% ranking for CEM, underscoring her ability to produce daughters that calve unassisted and raise quality calves. She presents an opportunity to invest in dependable genetics with a productive future already at side.

PE'd 12/26/25 - 2/10/26 to WZRK MacGyver 2028M.

Grace 9246G is a productive, broody Lim-Flex female that combines maternal excellence with balanced performance genetics. Deep bodied, feminine fronted, and built with structural integrity, she represents the kind of cow that quietly generates value year after year. Her EPD profile supports her phenotype, ranking in the top 10% for both Calving Ease and Birth Weight, along with an elite top

Adjusted Pelvic Measurement: 199.5

Non Stop Fun 511N is a power-packed percentage yearling that brings elite growth and brood cow potential together in one impressive package. Bold ribbed, long bodied, and square hipped, she carries extra dimension and muscle while maintaining a feminine, attractive look from the side. A half sib was a top-selling bull in last year's sale. She ranks in the top 3% for both Weaning Weight and Yearling Weight with an impressive 140 YW EPD. She also lands in the top 10% for Total Maternal and top 15% for Docility. Carcass merit adds further value with a top 20% Carcass Weight and top 25% \$G index, while maintaining a strong \$TPI ranking in the top 30%.

Ms. Nova 512N is a sharp-designed, high-growth Lim-Flex female that blends eye appeal with real-world production value. Feminine fronted, deep sided, and square built from behind, she carries dimension and balance in a structurally sound, athletic package. Her numbers highlight her earning potential, ranking in the top 30% for Yearling Weight and top 20% for \$TPI, backed by a strong 141 index value. She further excels maternally with a top 15% Milk ranking and top 20% Total Maternal, positioning her as a high-quality replacement with long-term brood cow potential. Add in a top 10% Carcass Weight figure and solid ribeye genetics, and Ms. Nova offers a balanced combination.
